

PATENTED TECHNOLOGY

RENSON ZipShade[®]

Vertical retractable sun shade
resistant to extreme wind loads

RENSON ZipShade®

RENSON ZipShade® Medium and Large vertical sun shade solutions offer proven performance, high quality, superior design and easy installation. Windproof in any position, thanks to the patented ZipShade technology, flapping or tearing of screen fabrics is a thing of the past. The aluminium endcaps provide extra stability and can be coated in the same color as the profiles.

Product

Design & flexibility

- Maximum surfaces up to 129.17 ft² or 236.81 ft² (RENSON ZipShade® Large)
- Softline and Square design of the box
- Discrete integration of the feed cable, concealed in the side channels
- Flexibility in color options
 - Can be combined with fiberglass Sergé® or Soltis® fabrics
 - 'Architect's selection' collection: fiberglass Sergé
 - Profiles available anodized or powder coated in any RAL colour

Comfort

- Manual or electrical control of the screen
- Pre-drilled side channels type 'S' / 'G'. A last modification on site from surface-mounting towards recess mounting or reverse is possible

Durability

- Improved durability due to **ZipShade® technology** (Intelligent wind-resistant guide system):
 - guarantees a fixed fabric with no wrinkles
 - Windtight in every position up to 80 mph
 - Smooth technology - a co-extruded wear-resistant top coating results in smooth, quiet operation

Applications

- For all window types: aluminium, wood, PVC
- For new construction and renovation
- For residential and commercial applications (including hospitality, healthcare, retail, education, office, mixed-use, etc.)
- Suitable for inside and outside use

Technical characteristics (Surface mounted)		
(in inch)	RENSON Zipshade® Medium	RENSON Zipshade® Large
Box (W x H)	3,93 x 3,93	6,10 x 5,91
Maximal dimension screen (W x H)	157,48 x 106,30 or 118 x 138	236 x 134 or 126 x 236
Maximal blackout fabric (outside use) (W x H)	78,74 x 106,3	157,48 x 154,48
Bottom rail	1,02 x 1,77	1,18 x 2,087
Open (S) or closed (G) side channel	1,38 x 1,89	
Coupling side channel (K)	2,28 x 1,89	
Installation comfort		
Screen installation	Pre-drilled side channels	
Ease of use		
Control of the screen	Electrical	
Durability		
7 year guarantee	ZipShade®- technology : zip remains in the side channels	
5 year guarantee	Against any defects occurring during normal use and maintenance	
10 year guarantee	Concerning the coating of aluminium elements	
Guaranteed wind resistance (screen in closed position placed before a window construction)	80 mph	
Wind class EN13561	WK3
